**Subject:** HEP CAC Meeting June 12: Reminder and important notes

Having trouble viewing this email? [Click here](#).

Dear CAC,

Just a final reminder of our meeting tomorrow, Thursday June 12th from 2 to 5 PM at the [Van Buren Branch Library in Newark, NJ](#).

**\*\*A few important notes\*\*:**

The library is a 15-minute walk from Newark Penn Station; please plan accordingly so we can start the meeting at 2 PM sharp. For directions, please view this map: <http://bit.ly/SyITWI>.

Please review the [draft agenda](#) and [background materials](#). If possible, please bring your own copy.

You may want to have a look at the presentations we will be showing tomorrow:

[Kelly Wenzel, NJ Audubon](#).

[Alice Yeh, EPA Region 2](#).

[Debbie Mans, NY/NJ Baykeeper](#).

Please note that food and beverages are not allowed throughout the library but are permitted in the meeting room only.

For those of you that can only participate remotely, please dial 800-406-9170 and enter passcode: 602 869 8003#. However, we urge you to attend in person if possible; it is very challenging to have a fluid conversation when there is a large crowd (and no microphones) in the room, and the quality of the sound may be poor.

If you plan on driving, please be aware that the library parking lot contains nine parking spots (one reserved for handicapped drivers), and please note that the library is on a one-way street and the entrance is the second driveway. Finding street parking can be challenging but there are parking garages nearby at 85 Jackson St and 250 Lafayette St. Click here for a map of these locations: <http://bit.ly/SyITWI>.

The Passaic River Superfund Cleanup Community Advisory Group (CAG) will have an open meeting in Newark that same evening, from 6 to 8:30 PM at St. James Church School in Newark (142 Jefferson Street). CAC members are welcome to

Finally, a couple of items that may be of interest:

- Upcoming NJ Spotlight conference on June 20: "[Tackling New Jersey's Water Woes: What's Next?](#)" will examine the issues facing the state's water systems.
- The winners of Rebuild by Design competition were recently announced. To view the projects and awards, visit <http://www.rebuildbydesign.org>.

We look forward to your seeing you tomorrow!

Thank you,

The CAC Co-Chairs.
